National Anthems

The Star-Spangled Banner

O say can you see, by the dawn's early light,
What so proudly we hail'd
 at the twilight's last gleaming,
Whose broad stripes and bright stars through the
 perilous fight
O'er the ramparts we watch'd were so gallantly
 streaming?
And the rocket's red glare, the bombs bursting
 in air,
Gave proof through the night that our flag was
 still there,
O say does that star-spangled banner yet wave
O'er the land of the free and the home of the
 brave?

O Canada!

O Canada! Our home and native land!
True patriot love in all thy sons command.
With glowing hearts we see thee rise,
The True North strong and free!
From far and wide, O Canada,
 we stand on guard for thee.
God keep our land glorious and free!
O Canada, we stand on guard for thee.
O Canada, we stand on guard for thee!

We are here to build Bridges to Harmony by bringing the Joy of Singing to Pittsburgh -- a celebration of music for everyone. We'll see just how broad that joy can be in the wide-ranging kinds of performers and performances in our shows and contests. You'll see it in our vastly expanded Harmony University classes, with more than 100 sessions covering the art, business, and fun of barbershop.

Most importantly, you'll see it every time four (or eight, or fifteen) people open their mouths to share that joy directly, heart to heart, ear to ear. We're celebrating the music of Pittsburgh's favorite son, Stephen Foster, this week, with the release of a new songbook and performances by your Fantasy Quartet and Director. This week also premieres the long-awaited *Barberpole Cat Songbook Vol. II*, another landmark in the joy of casual singing. Don't spend so much time listening that you miss out on the singing! Permission is granted to leave your seat sometime!

Every time we build bridges between hearts, between generations, between people of all backgrounds, we make a difference in people's lives. We're inviting all of Pittsburgh to sing with us, so look for people with puzzled expressions, and invite them to sing a few notes with you.

Don Fuson's Welcome

Welcome to Pittsburgh, a.k.a. “The Steel City”, home of The Terrible Towels AND the most outstanding collection of a cappella barbershop singers on the planet! Linda and I welcome you and look forward to meeting new friends, renewing acquaintances with old ones (forgive me if I cheat a glance at your name tag!), and having an opportunity to “Share Your Music” with one and all.

We have an outstanding set of contestants this year in the collegiate quartet, quartet, and chorus contests, so cheer for them all even as you root the most for your favorites.

Join with me in welcoming the first-time quartets that have worked so hard to gain their place on the big stage. Welcome back the choruses that are returning to the chorus contest. Enjoy the singing and appreciate the work that our quartets and choruses have made in order to bring us world-class harmonies throughout the week.

The Convention Team from the multiple Pittsburgh chapters has done an excellent job of collaborating to make sure things run as smoothly as possible. Pittsburgh has some outstanding points of view, points of interest, and wonderful liquid and solid refreshments to entertain every taste. Explore the city during your visit here this week and share what you find with others so we can all discover what it has to offer. And to all our singers, we encourage you to seek out performance opportunities for the community during the convention.

But most importantly, soak in our friendships and give back to the communities when you return home, sharing the joy of preparing and performing for those around you. That is what makes us the best! Share Your Music!

Determining Relative Rank

Music

Judges in this category adjudicate the musical elements in the performance: melody, harmony, range, and tessitura; tempo and rhythm and meter; construction and form; and embellishments. They judge the extent to which the musical performance displays the hallmarks of the barbershop style, and the degree to which the musical performance demonstrates an artistic sensitivity to the music's primary theme.

Presentation

These judges evaluate how effectively a performer brings the song to life. They respond to both the visual and vocal aspects of the presentation, and evaluate the interaction of these aspects in creating the image of the song, as well as everything about the performance that contributes to emotional impact upon the audience.

Singing

Judges in this category evaluate the degree to which the performer achieves artistic singing in the barbershop style: the production of vibrant, rich, resonant, technically accurate, and highly skilled sound, created both by the individual singer's use of good vocal techniques, and by the ensemble's process of tuning, balancing, unity of sound, and precision. They listen for a sense of precise intonation, a feeling of fullness or expansion of sound, a perception of a high degree of vocal skill, a high level of unity and consistency throughout the performance, and a freedom from apparent effort that allows the full communication of the lyric and song.

Each judge may award up to 100 points per song.

What is AHSOW?

Woodshedding is how barbershop began on a rooftop in Tulsa. The Ancient Harmonious Society of Woodshedders (AHSOW) was formed in 1977 to preserve the skill of woodshedding as an art form within the Barbershop Harmony Society. Woodshedding is three individual voices (tenor, baritone, and bass) creating barbershop harmonies by ear to a lead melody, without any written arrangement. Today, nearly 1,000 AHSOW members have demonstrated their proficiency at discovering and creating harmonies by ear in barbershop quartets. Every AHSOW member stands ready to welcome all barbershop singers who wish to participate in this fulfilling activity.
